## Heritage & Background

One hot summer circa 1948, a wandering and Divine Saint, feeling thirsty, asked for water from one Lala Paras Ramji in Pahara Mohalla, Rohtak (erstwhile Punjab, now Haryana). The said Lalaji welcomed the Divine Saint and made him stay in his home for the next three days.

Before departure, being pleased, the Divine Saint blessed the said Lala Paras Ramji with three herbal formulae (one for each day of his stay!) for treatment of some vital common medical ailments.

Mr HC Arora, Lalaji's grandson, who inherited the legacy and introduced, perhaps for the first time in India in 2004, a syrup using herbal products such as Garlic, Lemon, Ginger, Onion, Turmeric, Karela, Apple Cider Vinegar, Honey etc. for common ailments such as:

- Blocked Heart Arteries
- Blood Pressure
- Diabetes / Blood Sugar Levels
- Fatty Liver
- Obesity
- Uric Acid
- Prostate Diseases
- Urination Problems
- Allergies
- Arthritis
- Erectile Dysfunction
- Alzheimer's Disease
- Asthma
- Infection
- Ulcers
- Male's Vigour & Vitality etc.

### USPs of the various Syrups:

- No Water (first time in India)
- No Preservative
- No Artificial Flavours
- Apple Cider Vinegar (Heinz USA)
- Export-quality Natural Honey

We wish you all the best in your health. However, allow us to extend our Helping Hand in your Health & Happiness!

## Health Tips

***What is a HEALTHY LIFESTYLE? A way of living that LOWERS THE RISK of being seriously ill or dying early. Not all illness and disease is preventable: however a large proportion of deaths, particularly those from coronary heart disease and lung cancer, can be avoided.***

I am 70+ and have the energy of a powerful horse, so to speak. In my entire life, I have never fallen sick and blessed to avoid seeing a doctor.

Even after working for 16-18 hours daily, I don't feel fatigued or tired at all. There are reasons behind my horse power:

- Started taking bath with cold water from 1990 onwards
- Gave up smoking from 21 May 1994
- Gave up carbohydrates from 1 January 1997
- Started drinking only lukewarm water from 2000 onwards
- Gave up aerated drinks and ice creams from 2001 onwards
- Gave up eating at marriage / event functions from 2001 onwards
- Became pure vegetarian from 18 April 2008 onwards
- Became teetotaler from 18 April 2008 onwards

Apart from the above, there are few other unique characteristics which I wish to share with you all:

- Minding my own business and avoiding gossips
- Competing with none except myself
- Giving **“Results”** not **“Reasons”**
- Being always ethical, honest and trustworthy
- Above all, devoting my time towards **“Service to Humanity”**
- Always trying not to discuss about others

Try some of the above tips and you might enjoy a healthier life style!

Amen!

Since 2004 the enthusiasm and passion, with which Mr HC Arora has been making the GLG5 Health Supplement, has not diminished a bit even after almost two decades of service to humanity!

I have sometimes used the Syrup as a detoxifier and also recommended it to others who I felt were in dire need of herbal options for Heart, Obesity, Diabetes, Uric Acid, Fatty Liver etc.

Laudatory job and trend setter which has certainly disrupted the market with high quality of ingredients used in the preparation.

**Madan Mohan**

I have used GLG4 & GLG5 Syrup with good health results especially heart, high blood pressure and arthritis. I am more active now than before as I have always started my day with GLG4 or GLG5 which take due care of these problems besides many other benefits.

I wish the makers all the best to continue service the humanity with these kinds of effective products made with natural ingredients.

ये वो लोग हैं या थे - जिनके पास पैसे की कोई कमी नहीं है/थी! खाना हमेशा डाइटीशियन की सलाह से खाते हैं। दूध भी ऐसी गाय या भैंस का पीते हैं जो AC में रहती है और बिसलेरी का पानी पीती हैं। जिम भी जाते हैं। रेगुलर शरीर के सारे टेस्ट करवाते हैं। सबके पास अपने हाई क्वालिफाइड डॉक्टर हैं। अब सवाल उठता है कि आखिर अपने शरीर की इतनी देखभाल के बावजूद भी इन्हें इतनी गंभीर बीमारी अचानक कैसे हो गई।

क्योंकि ये प्राकृतिक चीजों का इस्तेमाल बहुत कम करते हैं। या मान लो बिल्कुल भी नहीं करते। जैसा हमें प्रकृति ने दिया है, उसे उसी रूप में ग्रहण करो वो कभी नुकसान नहीं देगा। कितनी भी फूटी पी लो, वो शरीर को आम के गुण नहीं दे सकती। अगर हम इस धरती को प्रदूषित ना करते तो धरती से निकला पानी बोतल बन्द पानी से लाख गुणा अच्छा था।

इंसान सोच रहा है. पैसों के दम पर हम जिंदगी जियेंगे। आपने कभी गौर किया है-पिज्जा बर्गर वाले शहर के लोगों की एक बुखार में धरती घूमने लगती है और वहीं दूध दही छाछ के शौकीन गांव के बुजुर्ग लोगों का वही बुखार बिना दवाई के ठीक हो जाता है। क्योंकि उनकी डॉक्टर प्रकृति है। क्योंकि वे पहले से ही सादा खाना खाते आए हैं। प्राकृतिक चीजों को अपनाओ! विज्ञान के द्वारा लैब में तैयार हर एक वस्तु शरीर के लिए नुकसानदायक है!

पैसे से कभी भी स्वास्थ्य और खुशियां नहीं मिलतीं!! आइए फिर से चलें प्रकृति की ओर।
